**Clever Login**

Clever is a tool that allows the user to access multiple programs through one portal. Currently, we are using Clever to login to ConnectEd, i-Ready, IXL, Study Island and SmartFutures. Other programs may be added in the future. To get started:

1. Navigate to www.clever.com/in/berwickasd
2. Click the Log in with Google button shown below. As long as the user is logged into his/her Google account it will automatically redirect the student to the Clever portal. Apps will appear for each of the programs that are integrated. Click the appropriate App to login to the program.
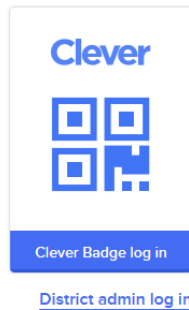

Berwick Area School District

Clever

Clever Badge log in

District admin log in

3. If a student is not logged into his/her Google account they will need to use the Log in with Google as stated above and enter their Google account information.

4. Students can bookmark the Clever login portal for easy access by clicking the star when they get to the login page.
